### PROGRAM DESCRIPTION

Fighting Blindness Canada's **Clinician-Scientist Emerging Leader (CSEL) award** supports ophthalmologists and optometrists in Canada who integrate research into their careers. This competition will fund projects with the potential to significantly impact Canadians living with a retinal eye disease including, but not limited to inherited retinal diseases, age related macular degeneration, diabetic retinopathy and glaucoma.

Applicants can apply for funding at two levels, up to \$20,000 or up to \$40,000 over two years, dependent on the amount of protected research time they have. More details are provided below.

## 1) ELIGIBILITY AND OTHER CRITERIA

### i. Eligibility Criteria

- Candidates must hold or be enrolled in a clinical doctoral degree (MD, OD etc.).
- Preferred candidates are in the final year of their clinical doctoral degree or enrolled in an ophthalmology or optometry residency or fellowship program in Canada.
- Candidates must be Canadian citizens or permanent residents of Canada.
- Candidates are ineligible if:
  - o They are holding or have held a CSEL award.
  - o It has been more than 8 years\* since being awarded their clinical doctoral degree at the start of the award (e.g. October 1, 2025)
  - o They have held an independent academic research position for more than 2 years\* at the start of the award (e.g. October 1, 2025)
- Applicants must identify one or two mentors who are active clinician-scientists with faculty appointments, to guide their research proposal.

*\* Justified career interruptions (e.g. parental, medical leave or family care) will be considered when calculating eligibility windows and should be described in the Registration of Interest form.*

### ii. Institutional Support

Host institutions must provide resources to support the applicant. Examples of institutional support include donated equipment and space or institutional funded staff time.

Institutional support must be documented in the application's Institutional Support section (Section 6). Relevant contributions can also be noted at the end of the Budget section (Section 5) of the application but should not be included in the budget request.

## 2) FUNDS AVAILABLE

It is anticipated that up to three awards will be funded in this competition. Applicants can apply for two levels of funding depending on their eligibility.

- 1) Up to \$20,000 (up to \$10,000 per year for two years)
- 2) Up to \$40,000 (Up to \$20,000 per year for two years)

To qualify for the higher level of funding, applicants must have over 60% guaranteed protected research time for the entirety of their award. Applicants with 60% protected research time in

only one year may request higher funding for that year only (e.g. Y1, 20% research time, \$10,000; Y2, 60% protected research, \$20,000; Total budget \$30,000).

**Applicants must specify protected research time in the statement of institutional support, confirmed by the program or institution director's signature.**

Funding can be used to support the direct costs of research, including supplies, salaries (e.g. trainees and research support staff) and equipment (capped at 10% of budget). Up to 10% of total budget can be used for professional development including travel or training. Indirect costs are not eligible.

### 3) APPLICATION PROCESS

Applicants must complete a two step-process.
